

ORANGE RING Machine Taps – Now available up to M30!

We are pleased to present an exciting new product: the [ORANGE RING Machine Tap](#) - the specialist for machining brass and copper alloys - **now available from stock up to M30!**

What makes the **ORANGE RING Machine Tap** special::

- **High-quality HSS-E:** Manufactured from high-speed steel with cobalt for outstanding durability and performance.
- **Form C:** Ideal for machining through holes as well as blind holes.
- **Perfect geometry:** Relief grinding and rake angle specially adapted to the material - for the best possible machining.

The **ORANGE RING Machine Tap** is perfect for machining:

- Short-chipping brass
- Copper alloys

Using the ORANGE RING Machine Tap from VÖLKEL, you not only achieve outstanding performance, but also an extended tool life - the optimum choice for precise and fast tapping.

**HSS-E
&
Form C**

Our ORANGE RING machine tap is now available from stock in sizes from M3 to M30. We also offer a [practical set \(M3-M12\)](#) - for even more flexibility in your production.

Contact us today to find out more about our **ORANGE RING Machine Taps** or other products from our range. Our dedicated team will be pleased to answer your questions and help you find the right solution for your thread.
