

Hello,

In this edition, we inform you about an **important structural development** within our group of companies, present a practical solution for **restoring grease nipple threads** – including practical tips and application advice – and give you the opportunity to support us in the **PVH Partner Award 2025**.

As always, the focus is on solid information, technical solutions and practical relevance.

LÖHER Becomes Part of the VÖLKEL Family

Since 2025, the LÖHER brand has been part of the VÖLKEL group of companies. Specifically, cobit GmbH has acquired the brand, production facilities and warehouse of August LÖHER GmbH.

Important: LÖHER remains an independent premium brand.

Production, team and know-how are being further developed and integrated into a strong, future-proof structure.

By combining expertise, distributors and users benefit from improved availability, streamlined processes and increased innovation – without compromising quality or technical continuity.

Professionally Restoring Grease Nipple Threads

Damaged or worn grease nipple threads are a common issue in practice. With the VÖLKEL thread cutting tool set for grease nipples, standard grease nipple threads can be reliably re-cut or newly produced directly on site.

The set is specifically designed for this application, saving time and ensuring safe, functional threads without unnecessary effort. In the related blog article, we also provide practical tips and tricks for correct application.

VÖLKEL at the PVH Partner Award 2025

VÖLKEL is once again nominated for the PVH Partner Award in 2025. The award recognizes companies that sustainably support specialist trade partners and maintain strong partnerships.

For us, this vote is valuable feedback from the market. It shows how our work is perceived within the trade sector and where we stand.

Voting is open until February 19, 2026.

If you are our partner in the specialist trade and appreciate our work, we would be grateful for your support.
