

Tap & Hexagon Die Nut Set for wheel studs and wheel nuts

We are pleased to present to you the [Tap & Hexagon Die Nut Set for wheel studs and wheel nuts](#). This practical tool set is the ideal solution for recutting and cleaning worn internal and external threads on wheel studs and wheel nuts of cars and trailers. With this set, the maintenance of your vehicles will be easier than ever!

Easy to operate, maximum efficiency

Our thread cutting tool set was developed to make your work easier. Thanks to its user-friendly handling, you can restore worn threads with ease. Simply use an open-end wrench, a ratchet or an hexagon wrench to perform the required repairs. No need to be an expert to achieve perfect results.

All you need in one place

We know how important it is to have all the tools you need at hand. That's why we've put the essential tools and all the relevant adapters in a useful metal cassette. This cassette is sturdy and easy to transport, so you can take your threading tool set with you wherever you go. You'll never have to search for individual parts again - everything

you need is at your fingertips..

Simple restocking with contents overview in the lid

Even the longest-lasting tool can wear out at some point. The cassette has a practical contents overview in the lid that shows you at a glance which parts need to be replaced. This way, you always have your tool set ready to use and can always achieve the best possible results.
